Visited the #EgraBlast site in Khadikul, Egra, Purba Midnapore today...a heart rending site it was. Met all the affected families and children who lost their parents. Most of those who were killed were women. Extremely poor & marginalised families, whose members were forced, coerced, threatened by the local TMC leadership, with active support by the police, in full knowledge of the Home cum Chief Minister of West Bengal, into preparing bombs. Most of them didn't even know it was a death trap for them...A major portion of the proceeds of this illegal trade most probably went to the party henchmen & the local police. Most of the children performed the last rites of their parents. Undertook a detailed survey. The blast was heard 15 km away & shook the earth & buildings! Utter failure of the Chief cum Home Minister, she must resign, the West Bengal Home Secretary must resign & the dist SP must be suspended!
